

## Year 9/10 Electives

14<sup>th</sup> November, 2024

Dear Families,

As we are getting close to the end of the year, it is time for our Year 8 students to prepare for their next stage of learning. As such, we are writing to outline the pattern of study that will be offered to them in 2025. This includes information about Stage 5 Electives. Please take note of the following and complete the attached form.

In Stage 5 (Year 9-10) students continue their core studies of English, Mathematics, Science, History/Geography, PDHPE. They also continue Bible, Well-being, and have the option of Sport or Enrichment.

Students are also invited to study three elective subjects of their choosing. Please note that the choice of electives is for Year 9 **and** Year 10. Study in the elective courses through Years 9-10 allows students to complete 100-hour NESA approved elective courses that contribute towards their RoSA (Record of School Achievement).

In 2025, some of the elective courses will be run with a Year 9 cohort exclusively, and for some electives, there will be a mixed cohort of Year 9 and Year 10 students.

As much possible, students are given their first choice, but it is important that for *each* elective line, students list their preferences in order. Please see the attached form.

Please also be aware that for Mathematics, students in Year 9 will be offered classes that align to their interests, ability and that supports their academic goals for the future. More information about this will be provided shortly.

If you have any questions about the pattern of study offered to students moving in Stage 5, you are most welcome to contact the office to arrange a meeting, or email through to [admin@ccs.nsw.edu.au](mailto:admin@ccs.nsw.edu.au)

Kind regards

CCS Secondary Team

## Year 9/10 Elective Selection - 2025

Student Name: \_\_\_\_\_

Parent Name: \_\_\_\_\_ Signature: \_\_\_\_\_

For **each** elective line, please number 1-3/4 in order of preference, with 1 being the preferred choice in each line.

	Elective Possibilities	Preference (for each Line)
