Busting the Myth around Private Schooling!

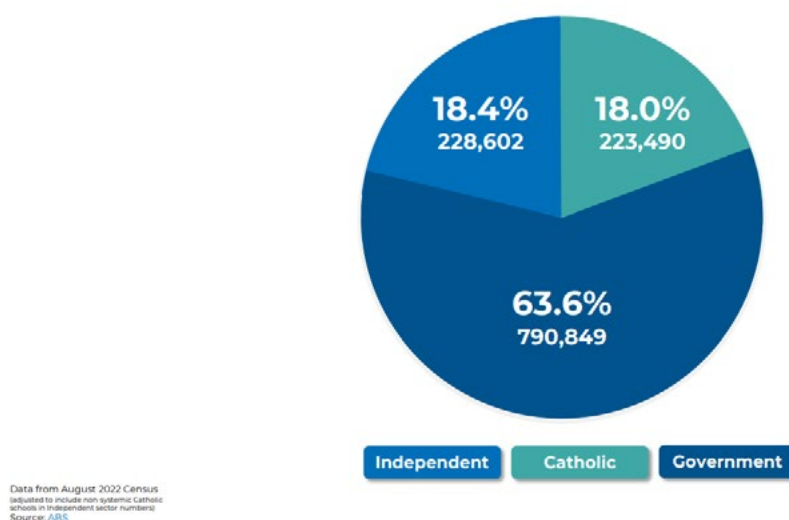

Casino Christian School is committed to honouring Christ, building community and growing in grace and knowledge as an independent Christian school. We aim to work as if “working for the Lord,” and seek to honour Him by seeking excellence what we do. We are very blessed to be supported by and affiliated with two organisations as we seek to achieve these aims. One organisation is Christian Schools Australia, who seek to support us as we honour Christ and share the gospel, and the AIS NSW (Association of Independent Schools NSW) who provide support and advice around a range of services including educational excellence, welfare and wellbeing for students and staff, legal advice and a myriad of other services.

School Size

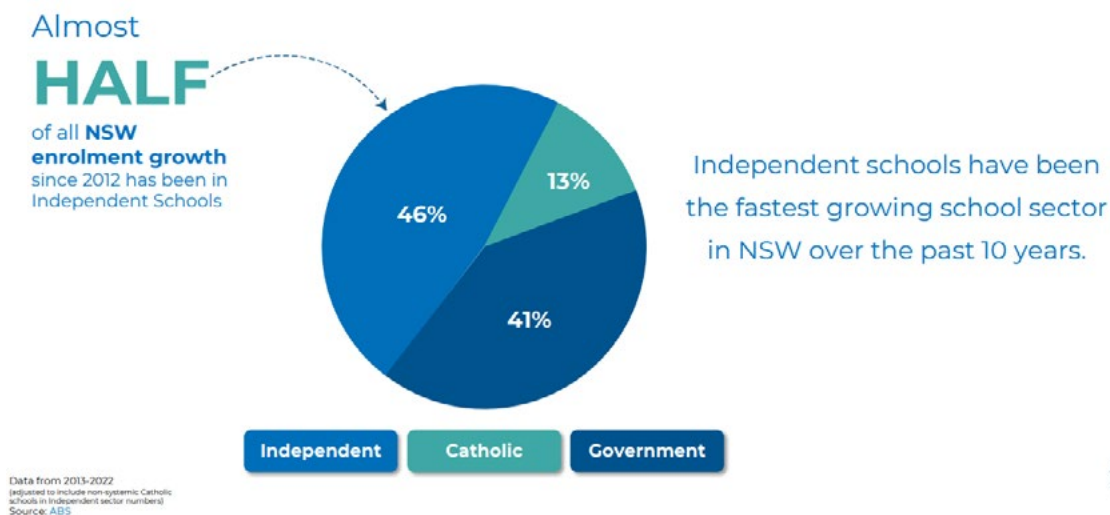

Last week, we had the opportunity to hear Margery Evans, the Chief Executive, give us an annual update on the Independent Education Sector, and the relevant factors affecting NSW. I wanted to share some of this information with our parents and school community, and encourage them that they are an important part of the largest growing education sector in NSW. *(The information contained throughout is also available across a range of public sites such as myschools.com and other government websites.)*

NSW Student Enrolment (2022)

In 2022, the Independent Sector was larger than the Catholic Sector for the first time ever, and over the last 10 years, almost half of all new students in NSW, across all sectors, enrolled into an independent school. Quite simply, that means almost half of all parents, wanted to send their kids to a private independent school. You can see this information clearly on the graphs below. We believe parents should always have the right to choose how their children are educated in line with their values or ethos. More specifically, we believe that parents should always have access to a Christian environment that honours Christ and reflects and honours the beliefs they have instilled in their homes. This is also why we believe it is important for us to retain the right to employ staff who will honour and support the choices made by parents.

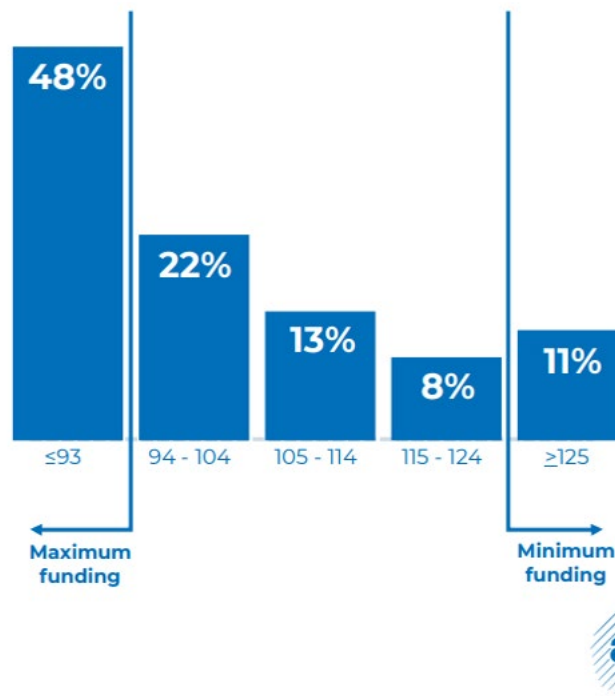

NSW Independent Sector: Enrolment Growth (2022)

Interestingly, when society hears the term, “private or independent school,” they think of expensive, state of the art, large campuses with thousands of students supported by wealthy parents and benefactors. The truth is almost the opposite! Of the 500+ Independent NSW schools, over 60 % of them have less than 500 students, with many having less than 200 students. And 48% of those students across 244 independent schools, come from families with some of the lowest socio-economic rankings, (sometimes referred to as a DMI.) Our school, and our area, according to our census and government data, falls into this lower ranking.

What does all this actually mean? It means, that despite the narrative around private schools, quite often they are small schools, who rely incredibly heavily on government funding to operate, and that the “capacity to contribute” or CTC, from parents, is much lower.

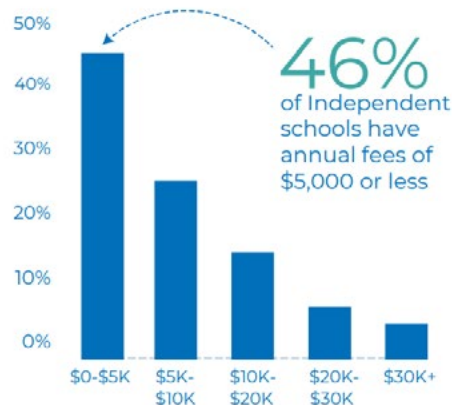

2022 School DMI Scores

This brings me to another misconception that we encounter as a private independent school – that apparently independent schooling has more money and takes funding from public schooling. The reality is far from this, with nearly half of the schools with, what is classified as low fee schools.

NSW Independent Sector: Affordability (2021)

More and more families are choosing accessible, affordable Independent schools for their children, according to the latest ACARA My School® data.

Data as December 2021
Source: ACARA My School®

I've included a more detailed resource from the CSA in this newsletter too. It explains how the government funding is distributed. Basically, all students, across all sectors, receive a base amount regardless of their school type. Then there are loadings added regarding socioeconomic factors, and/or regional settings. This amount is awarded per students across all sectors. However, the Independent School is then adjusted according to the "capacity to contribute" of parents decided by the socioeconomic ranking of the area. This amount is deducted and independent schools are forced to recoup those dollars through school fees. Basically, our school funding is mostly supplied through the government funding per students, minus an amount determined by the economy of

I have also previously shared in a previous email some specific research around the benefits of Christian Schooling and this information is available on our website here: https://www.ccs.nsw.edu.au/_files/ugd/86692c_9340b1188c3443c38a63f5017061a258.pdf

That research has confirmed what we already know; that students graduate with more civic mindedness, stronger Christian faith and more secure futures.

We are proud to be able to serve our families in this community and are grateful to be able to share our love of Jesus, learning and each other in this place. We actively seek to preserve the rights of parents to choose how their children are educated, and are honoured that we have the privilege to partner with you to teach, grow, develop and care for your child.

Meet Mrs Ranger

1. Where did you grow up and where do you live now?
*I grew up in a small town, called Elliot, in a rural area of South Africa.
We recently relocated to Casino.*

2. Where do you teach?
I am teaching in Primary, in Year 3, 5 and 6.

3. Favourite food?
Does fudge count as food?! Burgers and chips are always a winner!

4. Favourite bible verse: Colossians 3:23 “ Whatever you do, work at it with all your heart, as though working for the Lord, and not for man.”

Nationally Consistent Collection of Data

Dear parents, guardians and carers

Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the *Disability Standards for Education 2005*, in line with the *NCCD guidelines* (2019).

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

If you have any questions about the NCCD, please contact the school.

Kind regards

Principal

FACT SHEET FOR PARENTS, GUARDIANS AND CARERS

WHAT IS THE NCCD?

The Nationally Consistent Collection of Data on School Students with Disability (NCCD) takes place every year.

The NCCD is a collection that counts:

- the number of school students receiving an adjustment or 'help' due to disability
- the level of adjustment they are receiving to access education on the same basis as other students.

Students are counted in the NCCD if they receive ongoing adjustments at school due to disability. This 'help' allows them to access education on the same basis as a child without disability. The NCCD uses the definition of disability in the [Disability Discrimination Act 1992](#).

Schools provide this information to education authorities.

Go to *What is a reasonable adjustment?* below to learn about adjustments.

WHY IS THIS DATA BEING COLLECTED?

All schools in Australia must collect information about students with disability.

The NCCD:

- ensures that the information collected is transparent, consistent and reliable
- provides better information that improves understanding of students with disability
- allows parents, guardians, carers, teachers, principals, education authorities and government to better support students with disability.

Student with disability loading

Funding from the Australian Government for students with disability is based on the NCCD through the student with disability loading.

Students with disability who are counted in the top three levels of the NCCD (extensive, substantial and supplementary) attract the loading. Funding is based on a per-student amount at each of the three levels of additional support. The amount of the loading reflects the level of support students with disability need to participate fully in school, with higher funding for those who need higher levels of support.

Australian Government recurrent school funding is provided as a lump sum to school authorities including state and territory governments, which can then distribute the funding to their member schools according to their own needs-based arrangements.

The Government expects schools and school systems to consider their funding from all sources (ie Australian Government, state and territory and private) and prioritise their spending to meet the educational needs of all of their students, including students with disability.

WHAT ARE THE BENEFITS OF THE NCCD FOR STUDENTS?

The information collected by the NCCD helps teachers, principals, education authorities and governments to better support students with disability at school.

The NCCD encourages schools to review their learning and support systems and processes. This helps schools to continually improve education outcomes for all students.

Government Funding

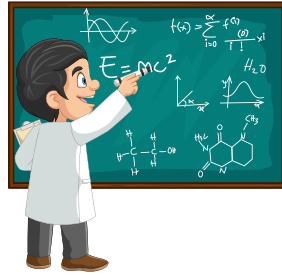

Explained

The Government:

1.

Determines

the annual recurrent cost of providing a quality education

That is the base School Resource Standard amount

one amount for primary students and one for secondary students

2.

Ascertains

the family income for non-government school families - determines their "capacity to contribute"

3.

Reduces

the base funding amount for each child in a non-government school by the "capacity to contribute"

not applicable to government schools and a small number of special non-government schools

Non-Government Student 20-90% of base funding

Government Student 100% of base funding

The Government:

4.

Adds

to this base funding additional loadings for recognised educational disadvantage factors:

Low socio-educational advantage

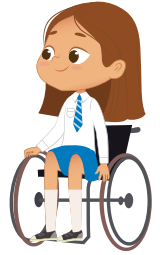

English language proficiency

Aboriginal and Torres Strait Islander students

Students with a disability

5.

Adds further

loadings if the child attends a small and/or remote school

This is now the total funding for that child in that school

6.

Finally,

a school's funding is the aggregate of these individual student funding amounts

and

by 2029, governments will pay this school funding in the following shares:

Government schools
20% Commonwealth
up to 80% State

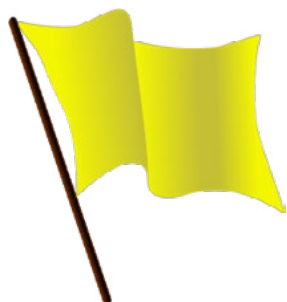

Non-Government schools
80% Commonwealth
20% State

Zone Athletics Carnival

On Tuesday 25th July, about 40 students from CCS travelled to the CSSA Zone Athletics Carnival at Coffs Harbour. It was a great day! All students showed respect to each other and it was wonderful to see our students encouraging each other throughout the day! A big thank you to all parents who attended and helped out! Thank you Mr Frahm, Mr Young, Mrs Nott, and Mrs Kemsley for making the day a success! Congratulations to all students! We have some students who will have the chance to compete at the CSSA state carnival in late August.

“On Tuesday, was the Zone Athletics. We all competed with kids our age for a spot at state, the day was amazing and fun. Everyone was terrific at their events. It was an amazing day.” Marley Spare (Year 7)

“Zone Athletics was a great day. It was great to spend time with friends and compete against them. My 1st event was the 800m and I won!” Patrick Murphy (Year 9)

“On Tuesday, we had the Zone Athletics Carnival. We had an absolute blast. I love how we could all encourage each other and even lose our voices in the process. I would like to thank Mr Frahm and all the teachers that went as it wouldn't have happened without them.” Makayla Kemsley (Year 7)

“Yesterday, I went to the Zone Athletics in Coffs Harbour to represent our school in the 800m race. I came last but it doesn’t matter what you come what matters is that you give it a go and have fun. My highlight of the day was cheering on the people from our school in their races.” Lietta McElligot-Nott (Year 5)

“Yesterday, I went to Coffs Harbour to represent our school at Zone Athletics. I competed in 100m sprint, shot put and long jump. I had a really good time, even though I didn’t win. A highlight of my day was having fun and meeting new friends, I cheered on other teams and even for our school. Ruby Charnock (Year 5)

“Yesterday, I went to Zone Athletics. I represented our school for high jump, 100m, 200m, 800m, discus and shot put. I came last in 800m, 5th in 100m, 6th in 200m, 2nd in high jump, 5th in shot put and 6th in discus. My favourite part of the day was the 100m sprint.” Jaxon Williams (Year 5)

State of Origin Day

Not since before Covid have I seen so many Year 7 to Year 12 students excited about the football festival. Whether they were playing in the big game or not, they were excited. Many students were involved in planning, setting up and packing up. There was a fantastic amount of service by students in getting this event up and running.

The afternoon was filled with great football, music, cheering and the smell of an SRC bbq.

46 students from Year 7 to 10 played in the State of Origin Games and they loved it. There was great defence and awesome attack and everyone played well.

Final scores:

Boys game: NSW 26 - QLD 6

Girls game: NSW 36 - QLD 26

Thank you to all the students and staff involved in preparing and packing up for this event.
Mr David McPherson

Kindy & Year 1 Excursion

In the last week of Term 2, Kindergarten and Year 1 spent the day at Byron Bay Wildlife Sanctuary (a.k.a. Macadamia Castle). They had a tonne of fun and learnt all about Australian animals in their school wildlife presentation. Apparently there were some very cheeky goats! Ask a Kindy/Year 1 student what they got up to!

NAIDOC Day

CCS NAIDOC Day 2023, an amazing day was had by all. A big thank you to Uncle Charlie & Uncle Jerry for making it so memorable. See our Facebook page for videos of Uncle Jerry who blessed us at our assembly as he sang about his love for Jesus.

JOHN BELL SCHOLARSHIP

Opening doors to the theatre industry for young Australians

Interested in a career as a performer and attend school in a regional area? Audition for the John Bell Scholarship.

A life-changing opportunity for budding performers, three students will spend one incredible week training with Bell Shakespeare at our HQ in Sydney.

Winners will undertake acting masterclasses with Bell Shakespeare artists, observe rehearsals, receive specialist training, see live theatre, and more. They will also have the opportunity to perform their winning monologue for Founding Artistic Director John Bell, Artistic Director Peter Evans, and Bell Shakespeare artists, receiving feedback and mentoring.

All auditioning students will undertake a 15-minute, one-on-one Workshop Audition where they will work directly with a Bell Shakespeare artist.

For more information and to apply, visit here:

FREQUENTLY ASKED QUESTIONS:

What will I need to bring?

All camping gear will be provided, though you will need to bring bedding. Prior to camp, you will receive an information pack by email with all the details of what other things you will need to bring.

Do I need to have any agriculture experience to come?

Nope! The program is designed to be accessible to teens who have had experience on farms, and those who haven't!

Do I need to have a church background to come?

Nope! We would love to have you whether you've grown up attending a church or have never set foot in a church before, or anywhere in between!

What is the Christian component of the camp?

Each day we're going to open up Bibles and talk about Jesus. There will usually be a short, age appropriate presentation, as well as some group discussion time. NCJAC is a safe place for teens to discuss what they think (and where they stand) on life, eternity, God, Jesus and the Bible. There will also be some singing, skits and testimonies.

How much is the cost and is financial assistance available?

North Coast Junior Ag Camp costs \$240/pp.

Full-funding is available for all SU Camps, for anyone from drought-affected areas.

Other hardship discounts are also available.

How do I get to camp?

Travel to and from camp is the responsibility of the camper's parents/guardians. However, for campers coming from further away, we may be able to provide some help. Please contact

camp director Jack Lockrey (0459 455 603, jack.punjab.lockrey@gmail.com) for further details.

Scripture Union
NEW SOUTH WALES

Scripture Union NSW is part of an international, interdenominational movement of Christians founded in 1867. We are passionate about Jesus, and seize the opportunity to share his amazing message of hope with the people of NSW.

We are driven by volunteers, and in NSW alone over 3000 people of all ages are involved in Scripture Union NSW's ministries every year. Those ministries are diverse and take place in all sorts of places. Wherever we are, whatever we do, we long to share the love and the hope of Jesus – and have some fun!
